DEAF THOUGHT FOR THE WEEK:

"Users of ASL typically use fingerspelling for many purposes. Any deaf child who is learning ASL should also learn fingerspelling, in order to be a complete communicator."

Dr. R. Orin Cornett, CUED Speech

THOUGHT FOR THE WEEK:

Every job is a self-portrait of the person who did it. Autograph your work with excellence.

ANNOUNCEMENTS:

Children's Book Week: Children's Book Week proclaimed by the American Library Association will be celebrated nationwide during the week of November 11-17. In observing this celebration, the library is planning special events for all students. Details will be announced by the Supervising Teachers.

ISD Library Staff

Vera Jackson and Yvonne Catt. Our hearing group facilitators are Everett and Patty Montgomery, Sharon Davis and Paula McConnel. Everyone we interviewed would have made a great facilitator. We feel very fortunate to have so many neat parents interested in helping other parents. Hopefully, we'll be able to use all of the others when we start new groups next year. The training will take place on Friday, November 8 from 6-10 p.m., Saturday, November 9 from 8:00 a.m.-6:00 p.m. and wrap up on Sunday from noon-5:00 p.m.

Jennifer Seet and Mary Alice Moon, HIP

Attention!!!: The State of Indiana Department of Education, Division of Special Education will be monitored in February by the Office of Special Education Programs (OSEP). As part of its review, OSEP representatives will meet with interested parents, advocates and representatives of professional groups at three public meetings throughout the state. This will be the public's opportunity to comment on special education programs in Indiana, on the Division of Special Education itself and how it operates, and on the federal law governing special education throughout the nation. This is our/your opportunity to speak directly to the representatives of the federal government who hold so much power over special education. The meetings are as follows:

Tuesday, November 19, 1991 (6:30-9:30 p.m.)

South Bend Community Schools
Clay High School

THANK YOU!: A big thank you to all involved in the State-wide Preschool Conference held here on October 24th. The conference was successful in spite of a small turnout, not only in terms of quality of the program and the involvement of the people but also in terms of the professional and long-lasting impact on the participants.

Indianapolis Star, October 31, 1991: Hook's Drug Stores has installed telecommunication devices for the deaf, or TDD machines, in five Indianapolis stores. They are at 24 North Lynhurst Drive; 2002 North Arlington Avenue; 6908 Madison Avenue; 1315 West 86th Street and 105 East Ohio Street.

Correction from Last Week's Campus Bulletin: David Reynolds will coordinate summer ASL classes at ISD, not Louise Fitzpatrick. Sorry for the confusion.

Safe Place Poster Contest Winners: Deanna Burkhart and Crystal Templeton have each won $25.00 in the Safe Place poster contest. This contest was for 7th graders. Their posters will soon be on display at Union Station. Congratulations!

Middle School Department

Tutor Needed: A 7th grade boy needs a Tutor. If interested, please contact Mary Glenn Cullison in the Middle School Department.

News from the 1st Graders: As you know, we set out to collect 1,000 pop tabs to be given to a patient in exchange for time on a dialysis machine. As you will read in the attached letter; this is a nationwide rumor. However, all is not lost! We have collected 10,000 plus which we will give to Reynolds Aluminum Recycling Center. They will write us a check and we will donate it to the Kidney Foundation. We will finish counting them to turn in by November 11th. If you have any

left - please send them over. The more we have the bigger donation. Our classes have benefited greatly in counting and in the experience of helping others. A big thanks to everyone who helped and supported us.

Pam Gennett, Elementary Department

NEWS RELEASE

For Release: March, 1988 and thereafter

RUMOR PUT TO REST: KEEP TABS ON YOUR CANS!

The NKF and Reynolds Aluminum Company now have a joint campaign to urge the public to recycle aluminum and contribute their recycling earnings toward the diagnosis, treatment and research of kidney and urinary tract diseases.

This program is designed to kill a rumor and save lives. Have you ever heard the FALSE rumor that pull tabs from beverage cans can be saved and redeemed for free time on a kidney dialysis machine? This has never been true. The truth is that no one has been denied dialysis time because of a lack of money. Due to the efforts on the National Kidney Foundation, Medicare coverage has paid for 80 percent of the cost of dialysis regardless of someone's age or financial status. The other 20 percent is usually paid by an individual's personal health insurance or state kidney program. This program has been in effect since 1973. The rumor about pull tabs has plagued both the NKF and Reynolds for years and all efforts to track down its origin and stop it at the source have been unsuccessful. Keep Tabs On Your Cans!

Recyclers can find the location of the nearest Reynolds center to them by calling toll free 800/228-2525. Or call the National Kidney Foundation of Indiana 800-382-9971 for more information.
